

St Peter's Primary School Uniform Refresh

ST PETER'S

Purpose of the change

- This document outlines the upcoming changes to the student uniform at St Peter's Primary School.
- The uniform review process was undertaken with a focus on improving student comfort and practicality, reducing costs for families, strengthening our overall school identity and aligning with the Early Years Learning Framework. These priorities were identified through feedback presented to the Leadership Team throughout 2025.
- As part of the review process, the proposed changes were shared with staff, families, students, and the School Advisory Council (SAC). Feedback gathered from the community was collated and discussed with a parent representative group before being presented to the SAC for further consideration.
- Following a consultation process and careful consideration of all feedback received, the Leadership Team, with endorsement from the School Advisory Council, will proceed with the following uniform changes.

Year 1 and 2

- Students in Years 1 and 2 will wear the same uniform as Pre-primary throughout the year. This removes the need for separate seasonal uniforms and strongly supports play-based learning as outlined in the EYLF. This approach significantly enhances comfort and delivers notable financial savings to families over the two-year period.

Year 1 and 2 Cost Benefits

- Families avoid the need to purchase items such as summer and winter dresses, tunics, skirts, grey shorts or trousers, white shirts, and an additional winter woollen jumper. If the Pre-primary uniform remains in good condition, there is no cost when transitioning into Year 1.
