

To celebrate the end of a busy term, we would like to give the opportunity for our students to wear free dress on Friday 8th April. We ask that all our students give a gold coin donation which will be passed on to Caritas to make a real difference to the lives of people in Ukraine.

Our help will support the Caritas Ukraine staff on the ground to provide families with emergency food, water, shelter and hygiene support.

Millions of Ukrainians are now living through air raids and attacks, as the conflict in Ukraine worsens daily.

Extensive damage to water systems, roads, bridges, hospitals, schools and other vital infrastructure.

More than 1.9 million people displaced within Ukraine in below freezing winter temperatures.

Approximately 157,000 people who have fled their homes are doing so for the second time.

Critical hospital services have been disrupted due to constant power outages.

Ongoing hostilities continue to disrupt access to food, clean water, medicine, basic hygiene items and shelter.

It is estimated that 12 million people in Ukraine will need humanitarian assistance, while more than four million displaced Ukrainians will need support in neighbouring countries in the coming months.

We look forward to your support.
