

Tinashe (Tina)

Chagonda

Coordinator

About me

I first started working in Children's Services in 2012 as an OSH assistant at an international French school in my hometown of Johannesburg, South Africa.

Fast forward 10 years and I am back where it all began but as a Coordinator. It is a true full circle moment for me.

My favourite activities

Dramatic play, arts & crafts, sewing, quizzes, photography, sports & fitness cooking, music & movement.

Fun fact

I used to dance for the South African dance team, who competed and won at the world championships. Now I only ever do the same two dance moves! :D

My goal at OSHC this year

I am truly passionate about sharing knowledge, building trusting and respectful relationships and holistic development.

So, in addition to promoting this, I hope to reflect this in my work and empower and uplift staff and children to dream big and reach for the stars!
